PERFORMANCE PROFILE

Digital media content creator and editor, specializing in the organization, structure, and output of non-linear editing projects. Experienced with video-editing platforms as well as other various layer-based compositing and motion graphics software. Goal and deadline oriented with an attention to detail and a creative mindset. A critical thinker that thrives in teams and builds upon the integrity of any project.

WORK EXPERIENCE

Commonwealth Financial (Video and Motion Graphics Editor)
Waltham, MA / July 2021 - Present

Editing financial video marketing content. Plans, designs, and implements motion design and animation projects of all sizes and scopes while adhering to existing visual brand guidelines. Creating new brand guidelines, strategies, and methodologies for moving visual media.

Brown University (Digital Media Producer, Editor)
Providence, RI / July 2016 - July 2021

Video editor and motion graphics designer for all web-bound educational content for the School of Professional Studies and other departments as needed. Working closely with instructional designers and faculty to create new pedagogical approaches via novel uses of video and other media. Managing student workers on various projects that called for skillsets and workloads outside of department scope.

WeWork (Contract Video Editor)
Brooklyn, NY / December 2015 - July 2016

Edited videos remotely, ingesting and organizing media from client, and piecing together creative promos, documentary-style ads, etc. as well as creating animations and various motion graphic titles.

(add)ventures (Assistant Producer and Editor)
Providence, RI / December 2014 - April 2015

Shot, edited, and animated internal and client-facing web content. Also assumed position of assistant producer, grip, and production assistant when necessary.
